Please be aware that there is no cover under this policy if you or anyone travelling with you and named on the insurance validation documentation:

- Has already started the trip (see definition on page 12).
- Travel must take place within 1 year of the start date of your policy.
- Is not a resident* of the United Kingdom, Channel Islands or BFPO.
- Is taking a trip which involves a cruise (see definition on page 11). **Cover is available on payment of an additional premium**
- Is taking a one way trip (see definition on page 11), or does not intend to return to the United Kingdom, Channel Islands or BFPO within their trip dates, unless an extension has been agreed with us and we have confirmed in writing
- Is travelling specifically to receive medical treatment during their trip or in the knowledge that they are likely to need treatment.
- Does not take all possible care to safeguard against accident, injury, loss or damage as if they had no insurance cover.

**** We define a resident as being someone who has their main home in the United Kingdom, Channel Islands or BFPO and has not spent more than six months abroad in the year before buying this policy***

Additional criteria for multi trip policies

- Is travelling for more than 31 days on any one trip.
- Is travelling within their home country for less than 3 days on any one trip.
- Is travelling independently of the named insured adults on the policy where they are aged 17 years and under unless they are either travelling directly to be with them or to return directly to their home after being with them.

Our pledge to you

It is our aim to give a high standard of service and to meet any claims covered by these policies honestly, fairly and promptly. We occasionally get complaints and these are usually through a misunderstanding or insufficient information. Any complaint will be investigated at once and the matter resolved as quickly as possible.

When your policies start and end

The cover under your **pre-travel policy** on **single trip policies** starts from the start date of cover shown on your insurance validation documentation, after the policy was issued and ends when you leave home to start your trip. On **multi-trip policies** cover starts on the chosen starting date and cancellation cover is not in force until that date. Subsequent trips start from the date of booking.

The cover under your **travel policy** starts when you leave home as shown on your insurance validation documentation and ends on *your return home or expiry of the policy*, whichever is the first.

No further trips are covered except where you hold a multi-trip policy which will cover further trips with duration of 31 days or less.

Extension of period

In the event of either your injury or illness during your trip, or the delay or failure of public transport services on your return journey, you are unable to return home on your original pre-booked date, cover will be automatically extended without additional premium until it is medically appropriate for you to return home, or normal transport services are resumed enabling you to return home.

You have a duty to take reasonable care to answer questions fully and accurately, and that any information you volunteer is not misleading. This applies both when you take the policy out and at any time during the policy period. If you do not do so, we reserve the right to void your policy from inception. In the event that it becomes necessary to do this, we will give you seven days' notice of cancellation of the policy by recorded delivery to you at your last known address.

Because an insurance policy can only provide cover in respect of accident, illness, loss or damage for an event/occurrence which is sudden, unforeseen and beyond your reasonable control, you must also tell us if you are aware of any circumstances at the time you purchase this insurance, or at any time afterwards, which could possibly result in you having to make a claim; otherwise you may not be covered. You can do this by calling **0345 125 3880**.

We reserve the right to charge an additional premium, amend the policy terms, or decline to offer cover if we feel that the information you give us changes our assessment of the risk involved.

Change in health

Your Boots Travel Insurance policy is there to cover you for any sudden and unforeseen accident, illness, loss or damage which is beyond your reasonable control, and you would have been asked when you paid your premium if you were aware of any circumstances which could possibly result in you having to make a claim; so you must also tell us if anything happens between the date you bought the policy and the start of your trip that might mean that you have to claim on the policy.

The sort of things you need to tell us about are:

- a change in your health, which has caused you to visit your GP, or if you have been referred to a clinic or hospital for tests or treatment.
- if your GP changes your medication or sends you for tests at a clinic or hospital

If we feel that anything you tell us might increase the chances of a claim, we may ask you to pay an additional premium, or we might change the policy terms. If we feel that the increased risk is too great, we might tell you that we cannot cover you at all.

It is important that you tell us, because if you don't you could find that your claim is limited or turned down, and we don't want that to happen. We want you to have the right cover.

If you do have to tell us about a change in your health that has occurred since you bought your policy,
please call us as soon as possible on

0345 125 3880

Open 8am – 8pm Monday-Friday, 9am – 5pm Saturday & Sunday.

Make sure you have all your medical information and medication details and policy number to hand

Please be aware that we are unable to provide cover for any existing medical condition of a non-travelling close relative, close business associate, or the person you are intending to stay with, or any recognised complication caused by the existing medical condition.

Your policy is designed to cover your reasonable costs incurred in the event of an unforeseen medical emergency whilst you are on your trip. The notes below are designed to help you if you need to make a claim under this section of the policy.

Please be aware that this policy does not cover the cost of private medical treatment unless it has been approved in advance by our **24-hour emergency assistance service**

Our experience shows that medical incidents fall into two categories, namely: **Outpatient treatment** usually involving minor ailments which entail a visit to the local chemist, doctor or clinic, and **Inpatient treatment** which usually entails an admission to a hospital or clinic. Below you will find advice on what to do in each instance:

Outpatient treatment

If you need to see a doctor, ask your hotel reception or tour representative for the nearest public / state medical facility. Some hotels will urge you to seek private treatment, however this is not necessary as private medical facilities vary greatly and are not equipped to deal with all emergencies. They may give you unnecessary treatment and at inflated prices - if you are ever in doubt please call the assistance team for advice on where to seek treatment.

In Europe you should show them your EHIC card. Medical treatment should be free or at a reduced cost, if so you will not be required to contribute towards the claim because the policy excess will be reduced to NIL. You will only be covered for the cost of private treatment in these countries if this is approved in advance by our *24 hour emergency assistance service*: **+44 (0) 203 824 0710**

Elsewhere it is advisable to seek advice on where to go for treatment from our *24 hour emergency assistance service* **+44 (0) 203 824 0710** if possible, as standards of medical facilities vary greatly and to avoid unnecessary admissions and treatment at inflated prices.

How to pay for your treatment: Outpatient bills **less than £500 should be paid by you** at the time and claimed on your return. It is very important to obtain an itemised receipt for any monies paid for medical treatment.

In the event that you need to seek outpatient treatment when you are travelling in any of the countries listed below then it may be that immediate payment can be arranged locally using the services of **Charge Care International** whom we have appointed to act on our behalf.

To take advantage of this service please show the treating doctor or clinic the logo printed here as this will enable them to identify our membership and avoid language difficulties. If the hospital you are treated at subscribes to this service they will ask to see your proof of insurance so it is important to carry this with you. You will be asked to complete a simple Charge Care form to confirm the nature of the treatment received. For those countries that the EHIC doesn't apply or if you have not presented it at the time of treatment, the doctor/clinic will collect the policy excess from you and send their bill to Charge Care for payment.

The countries where this service is available are: Greece and the Greek Islands, Cyprus, Bulgaria, Egypt, and Turkey www.chargecare.net

In-patient treatment

In the event of a serious emergency, you should call an ambulance using the local equivalent of a 999 number and then contact the *24 hour emergency assistance service* who may offer you advice on the nearest appropriate facility. We strongly suggest you put their telephone number **+44 (0) 203 824 0710** into your mobile phone before you travel so that it is to hand if you need it. Get details of the hospital you are being taken to so that our *24 hour emergency assistance service* will be able to obtain a medical report if required.

If you are unable to contact our *24 hour emergency assistance service* prior to your admission to a hospital or clinic, you **must** contact them as soon as you possibly can.

You will need to have some basic information for them to hand:

- your telephone number in case you are cut off
- patient's name, age and as much information about the medical situation as possible
- name of the hospital, ward, treating doctor and telephone numbers if you have them
- tell them that you have **Boots Travel Insurance**, your receipt number and the date it was bought
- patient's UK GP contact details in case they need further medical information

What will happen next? Once you have contacted our *24 hour emergency assistance service* you will speak to a member of the operations team who will take down the basic particulars of your case, and allocate a case number. If necessary they will confirm that you are insured and provide the hospital or clinic with the appropriate billing instructions. Your case may be referred to one of the doctors on the team who will, if necessary, contact you to ascertain the exact nature of your injury or illness and then put in place the appropriate strategy to ensure that you receive the correct treatment and, if required, advice on your repatriation.

Your policy is designed to cover your reasonable costs incurred in the event of an unforeseen medical emergency whilst you are on your trip. The notes below are designed to help you in the event that you need to make a claim under this section of the policy.

Please be aware that this policy does not cover the cost of private medical treatment unless it has been approved in advance by our *24 hour emergency assistance service*

Other things to bear in mind

We understand that if you are suddenly faced with a medical emergency it can be very stressful and frightening. The following is a guide to help you cope in such a situation, and understand how the *24 hour emergency assistance service* will work on your behalf.

- Always remember that your travel insurance does not cover the cost of private medical treatment unless it has been approved by our *24-hour emergency assistance service*
- We suggest that you nominate one person to be the contact point for the *24-hour emergency assistance service*, this will ensure that they are not trying to explain matters to numerous people, which simply causes confusion and delay for everyone concerned.
- Make sure your mobile phone is fully charged, and able to receive incoming calls when you are abroad.
- It will not always be possible for the *24-hour emergency assistance service* doctor to call you back straight away, this could be due to time zone differences or because we are awaiting further information from the treating doctor or hospital. This does not mean that you have been forgotten, and wherever possible a member of the operations team will keep you regularly updated.
- Please remember that the first priority of the *24-hour emergency assistance service* is your safety and wellbeing, and that they will take the appropriate action necessary to ensure this. Such action could entail:
 - Moving you from a private facility (if you have not been admitted to a state registered hospital) where the standard of treatment might be inadequate or the price of treatment is inflated for tourists.
 - A request for further tests to be made by the treating doctor to evaluate when, and what method of repatriation would be suitable.
 - Recommending an extended stay in the hospital (or a local hotel) until your condition has stabilised sufficiently to allow your safe return home.
- Although the local doctor might discharge you from hospital and suggest that you can return home, there are regulations imposed by airlines regarding when you can, and cannot fly following a serious accident or an operation. Our *24-hour emergency assistance service* are experts in aviation medicine, and the decision as to when it is safe for you to fly home should be left in their hands.
- Never provide a medical facility with your credit card details or surrender your passport to them.
- Do not sign anything without first contacting us.

What happens if I miss my return flight due to illness or injury?

Don't worry, provided you have contacted our *medical assistance service* your policy will be automatically extended to cover you until it is agreed that you are fit to travel home. Our *24 hour emergency assistance service* will liaise with you and, where necessary, with your treating doctor to decide when you are fit to travel.

What if I want to come home early?

This policy covers you to come home early because you are ill or injured, only if medical treatment is not available locally. If you are thinking of cutting short your trip because you are not well then you must contact our *24-hour emergency assistance service* on **+44 (0) 203 824 0710** for advice first.

If you need to come home for any other reason, such as the illness of a close relative in the United Kingdom, Channel Islands or BFPO then you should make your own arrangements, bearing in mind your duty to act at all times as if uninsured.

If you are not sure whether your circumstances are included in the cover then call Travel Claims Facilities. **+44 (0) 203 824 0709** their office hours are 8am – 8pm Monday to Friday and 9am – 1pm Saturday

Make sure you check your insurance validation documentation and your policy to make sure that what you are claiming for is covered; you should also take note of the policy excess as this will be deducted from any settlement made directly to you.

For medical emergency claims where you have not paid anything but there are outstanding bills you would like us to settle on your behalf you will need to pay the excess to us in advance.

We will provide you with our bank details so you can transfer the relevant amount to our account.

The policy is a legal contract between us and you. If you are intending to claim, or have made a claim (irrespective of whether your claim was successful or not) we will not consider refunding any proportion of your premium.</p> <p>Multi-trip policies - Provided you have not made a claim (irrespective of whether your claim was successful or not) on the policy and you confirm in writing that there is no claim pending, should you choose to cancel and understand that all benefits of the policy will be cancelled, we will refund 5% of the total premium paid, for each full calendar month remaining on the policy from the date of cancellation. If you are intending to, or have claimed (irrespective of whether your claim was successful or not) we will not consider refunding any proportion of your premium.</p> <p>Once the policy has been issued you must understand that no alterations and/or additions to the printed terms and conditions of your policy are valid unless made in writing by us. We reserve the right to give 7 days' notice of cancellation of this policy, without refund, by recorded delivery to you at your last known address in the event of the following circumstances; fraud, suspected fraud, misleading information or deliberate misrepresentation, abusive behaviour to any of our staff or agents.</p>
BE CAUTIOUS	<p>This policy is designed to cover most eventualities whilst you are on your trip. It does not provide cover in all circumstances and we expect that you take all possible care to safeguard against accident, injury, loss or damage as if you had no insurance cover.</p>
PREGNANCY	<p>Our policies include emergency medical expenses cover for pregnancy and childbirth from week 0 to week 28 inclusive whilst you are away. From the start of week 29 to week 40 of the pregnancy, there is no cover for claims relating to normal pregnancy and normal childbirth or cancellation, however, medical expenses and cancellation cover will be provided if any of the following complications arise: Toxaemia, Gestational hypertension, Ectopic pregnancy, Post-partum haemorrhage, Pre-eclampsia, Molar pregnancy or hydatidiform mole, Retained placenta membrane, Placental abruption, Hyperemesis gravidarum, Placenta praevia, Stillbirth, Miscarriage, Emergency Caesarean, A termination needed for medical reasons, Premature birth more than 12 weeks (or 16 weeks if you know you are having more than one baby) before the expected delivery date. Please note we will not cover denial of boarding by your carrier so you should check that you will be able to travel with the carrier/airline in advance as regulations vary from one carrier/airline to another. It is essential, if at the time of booking your trip you are aware that you are pregnant, that you ensure that you are able to have the required vaccinations for that trip; no cover will be provided for cancellation in the event that, after booking you discover travel is advised against, or you are unable to receive the appropriate and required vaccinations for that country.</p>
MEDICAL COVER	<p>Your travel policy is not Private Health Insurance, in that it only covers unavoidable, unexpected emergency treatment. You need to check that you have had all the recommended vaccinations and inoculations for the area you are travelling to. It is also recommended that you check with your doctor that it is safe for you to travel bearing in mind your method of travel, the climate and the availability and standard of local medical services in your chosen destination. You will then need to declare your existing medical condition and have it accepted by Travel Administration Facilities for it to be eligible for cover under your policy. You may be required to obtain your medical records in the event of a claim. It is often wise to carry additional supplies of your regular prescribed medications in your hand luggage in case your bags are delayed. Cover will not be given if travel is against the advice of your doctor.</p>
EHIC	<p>The European Health Insurance Card (EHIC) allows you (provided you are a UK or BFPO resident) to access state-provided healthcare in all European Economic Area (EEA) countries and Switzerland at a reduced cost and in many cases free of charge. You must carry it with you when travelling abroad. Remember to check your EHIC is still valid before you travel. Applying on www.ehic.org.uk for the card is free and it's valid for up to five years. If your EHIC has been presented to, and accepted the medical facility where you have obtained medical treatment abroad, and the invoice clearly shows that the cost of any treatment has been waived or provided at a reduced cost any applicable policy excess under Section B2 will be reduced to Nil. If you are travelling outside the EEA then there are some countries that have reciprocal agreements with the UK and these can be found on http://www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEAcountries/Pages/Non-EEAcountries.aspx. Please note residents of the Isle of Man or Channel Islands are not eligible for an EHIC.</p>
MEDICARE	<p>If you are travelling to Australia you must register with Medicare on arrival. There is a Medicare office in all major towns and cities in Australia. Registration is free and this will entitle you to reduced medical charges from doctors, reduced prescription charges and access to Medicare hospitals.</p>
YOUR EXCESS	<p>Your policy carries an excess and this is the amount you have to contribute towards each claim. All excesses shown for this policy are payable by <u>each</u> insured-person, per section and for each incident giving rise to a separate claim. Your contribution may be increased to include existing medical conditions confirmed in writing by Travel Administration Facilities. The increased contribution will apply to all persons insured on the policy whose claim has been caused by the declared medical condition. If an excess waiver has been paid then standard excess is not applied, however any increased medical excess is still applied in the event of a claim resulting from the condition/s it is attached to.</p>
OTHER POLICIES	<p>Your policy will not make any payment for any event that is more specifically covered by another insurance policy, and will only pay a proportionate amount of a claim where there is other insurance in force (such as Home Contents and All Risk insurance policies) covering the same risk, and we will require you to provide details of such other insurance.</p>

Don't worry, we have categorised the activities that are not covered as standard into seven further bands. Please visit www.bootstravelinsurance.com/activity-packs to see what activities are included in these additional bands. If you do not see your chosen activity do not worry we may cover it, but you must contact us so we can discuss the activity and what, if any, additional premium is necessary.

Please note that all activities are covered on a non-professional and non-competitive basis unless otherwise stated. Any claims which arise whilst undertaking any of these activities for any purpose other than leisure (examples of non-leisure purposes include professional / semi-professional / paid / sponsored racing, timed events, professional, display events, photo shoots, etc...) will not be covered under this policy.

If you are unsure, please do not hesitate to contact us **0345 125 3880** and we can discuss your individual requirements. Data Protection

You should understand that any information you have provided will be processed by us, in compliance with the provisions of the Data Protection Act 1998, for the purpose of providing insurance and handling claims or complaints, if any, which may necessitate providing such information to other parties.

So, you're all packed and just about ready to go our checklist will help ensure that you have not forgotten anything!

- **Check that your travel insurance covers the whole duration of your trip and any activities that you plan to try.**
- **Check your documents:**
 - Is your passport up to date, and is it valid for at least 6 months after the date you are due to come home?
 - Make two photocopies of your passport, tickets and travel insurance documents and leave one set at home (you might want to let family or neighbours know where you have put the copies). Take the other set with you and keep them separately from the originals (in case you lose the originals or they are stolen).
 - Find out if your travellers cheques and credit cards can be replaced if you lose them, and take the relevant emergency numbers with you just in case.
- **Check with your GP to ensure that you have the necessary vaccinations and medication.**
- **Know your destination:**
 - It is always worth checking out the local laws and customs before you get there.
 - Pack a guide book
 - Check out the FCO website www.fco.gov.uk/travel
- **Tell others about your trip and make sure they know where you are going and how to get hold of you in an emergency.**
- **When you are abroad**
 - Make sure your travel documents, passport, currency and insurance are kept in a safe place.
 - Stick to bottled water and keep yourself hydrated when you are out in the sun.
 - Always wear protective sunscreen when you are out and about, even when you are on the ski slopes!
 - Check out local information in your guidebook, so that you are aware of local holidays and nearby public medical facilities.
 - It always a good idea to keep all your receipts for future reference.

We recommend that you detach this page and take it away with you and keep it in a safe place - also leave a copy of it with family or friends at home.

It might also be useful for you to put these telephone numbers into your mobile phone so that you have them easily to hand if you need them.
